

FUTURE GOLFERS OF AMERICA

Partner Packet | 2026–2028 Partnership Term

Dear Community Partner,

Thank you for taking the time to learn about Future Golfers of America (FGA).

As a registered 501(c)(3) nonprofit organization, FGA was created to open doors for talented and passionate young golfers who have the drive to compete but whose families cannot afford the rising costs of lessons, equipment, fittings, travel, or tournament play.

Your partnership makes this possible. By becoming a Champion, Legacy, Visionary, Community, or Impact Partner, your organization directly supports deserving youth who demonstrate commitment, skill, and leadership potential — yet lack access to the resources needed to pursue competitive golf.

Together, we're not just helping kids play golf — we're creating life-changing opportunities for young athletes who might never have had a chance. Many of our youth come from low-income households, single-parent families, or communities where golf has never been accessible. Through your support, they are given more than equipment or lessons; they are given hope, direction, and a pathway to a future they never thought possible.

FGA partnerships are designed to create long-term stability and measurable impact. Multi-year partnerships allow us to plan athlete support programs, training initiatives, and competitive pathways that make a lasting difference.

All partners will receive full recognition throughout 2026, including visibility at **The Underdog Open – An FGA Charity Golf Event on April 1, 2026 at the Golf Club of Texas.**

On behalf of our entire team, thank you for considering this opportunity. Your support helps make the game of golf more accessible, inclusive, and inspiring for the next generation of competitive athletes.

With appreciation,

Bartholomew Herrera
Founder & Executive Director
